Complete theory Part of all experiments as prescribed in CBSE Lab manual (as CBSE Syllabus)

SUBJECT :- BIOLOGY

Practical work : Experiments 1 to 8.

SUBJECT :- SSt.

GEOGRAPHY

To be done in Geography Notebooks

- 1) India is in the grip of **water shortage** leading to drought in different parts. Every year during summer season we face shortage of water. One of the main solutions to solve water scarcity is rain water harvesting. Prepare a short report on suggestions as to how should we adopt rainwater harvesting in India. Enhance your report with the help of pictures and diagrams.

Why should we conserve soil from erosion. Prepare a pictorial project on the solutions for conservation of soils.
